

UCR OSHER AND THE WORLD AFFAIRS COUNCIL OF
INLAND SOUTHERN CALIFORNIA PRESENT

ASIAN RELIGIONS IN AMERICA: Hinduism, Buddhism, and Sikhism

This course on South Asian religions is offered over two quarters. For each religion, a two-hour introductory lecture and overview covers the beliefs, rituals, and cultural practices of the adherents. Also discussed are First Amendment issues, teaching about religion, and religious practice in schools. Support readings will be included.

The personal experience is done through a field trip with your instructor to one of the designated faith's worship centers.

Field trips are scheduled on Saturday, February 8, March 14, and May 9. Further trip details and costs will be shared at the first class meeting on Tuesday, January 21.
